

ASK Education for Hairdressers represents our belief in the power of knowledge to shape futures.

By using the latest learning tools we equip our partners with all the necessary technical and business skills they need for professional hairdressing success.

So, every single day we inspire, unlock potential and nurture personal growth.

IGORA Royal Fashion Lights

For highlights, foil colouring and all other off-scalp application colour techniques.

One-step lift and colour without the need for pre-lightening first.

Intense contrast even on dark or tinted bases.

Up to five levels of lift for maximum contrast.

Technical Information

- Mixing ratio 1:1
- Use 12% IGORA Royal Fashion Lights Oil Developer
- Apply the selected shade to the full length of the hair (first time highlights)
- Apply to the re-growth area (highlight refreshment)
- Apply to the selected area to be lightened (lifting tinted bases)
- Develop for 30-45 minutes - without heat
- For off-scalp application only
